The wine-growing town of Zöbing lies directly at the foot of Heiligenstein on Urgestein bedrock. Our wines are hand-picked from select terraced vineyards around Zöbing to give us a classic and dry style of Riesling with mineral characters and fruit purity.

THE 2018 VINTAGE

The 2018 growing season began well. Budding was later than in the previous year after a colder January and February. From March, however, temperatures during the day increased and vegetation accelerated. This led to early flowering, and was followed by a hot, dry summer. Much-needed rainfall came mid-July in the form of a 55mm downpour, therefore rapidly nourishing the vines. Despite the prolonged heat and near-drought conditions, the grapes displayed good ripeness and were healthy. This was largely due to rigorous crop-thinning during July to enable the vines to use the limited availability of moisture efficiently.

The harvest began early on 28th August and lasted until 27th September, and the grapes were picked during the early hours of the morning to avoid the hot midday temperatures. Thus, the grapes were still cool while they were whole-bunch pressed in the cellar.

The finished wines are remarkably juicy and generous, which is unexpected considering the challenges faced in such a hot year. They display fine mineral characters with balanced, yet vibrant acidity, and a refreshing structure.

The Grüner Veltiner wines are highly aromatic with herbal and citrus notes fruit over a rich and full-bodied style. The Rieslings are still quite restrained, yet will reveal their potential as the year progresses, as they truly reflect the magnificent structure of the 2018 vintage.
